二、说明、目录、图表目录

Research Report on Developing Trend of China’s Cooperative Software Market from 2006 to 2007 内容介绍：

One. General introduction

1. Method

2. Background

3. New definition of cooperative software

4. Changing trend of application

5. Conclusion and major opinions

Two. Analysis on Trend of Investment in Information of China’s Enterprises from 2006 to 2009

1. IT investment scale from 2006 to

2. IT investment structure from 2006 to

3. Government IT investment from 2006 to

4. Manufacturing industry IT investment from 2006 to

Three. Status Quo of China’s Cooperative Software Market

1. INvestmenet scale and trend

2. Analysis on customer structure

3. Analysis on industrial structure

4. Analysis on regional structure

5. Analysis on brand market structure

Four. Analysis on Construction Process of China’s Cooperative Software System

1. Construction of enterprise platform

2. Purchase time and planned renew time

3. Analysis on recognition channels

4. Payment method of purchase

5. Analysis on main body of systems

6. Analysis on functional application frequency

7. Purchase price

Five. Elements Impacting Development of China’s Cooperative Software Market from 2005 to 2006

1. Favorable elements
2. Unfavorable elements
Six. Analysis on Competitiveness of China ’s Cooperative Software Enterprises in 2006
1. Oversea enterprises
2. Ufida
3. Click tech
4. Weaver
5. Inspur
6. CTOP
Seven. Analysis on Customer Demand of Cooperative Software Market from 2006 to 2006
1. Analysis on regional demand
2. Analysis on scale demand
3. Analysis on industry demand
4. Analysis function demand
Eight. Analysis on Purchase Behavior of Cooperative Software Industry
1. Elements of purchase decision
2. Purchase method
3. Analysis purchase channel
4. Analysis on decision procedure
Nine. Analysis on Opportunity of China ’s Cooperative Software Market in 2006
1. Real estate
2. Insurance
3. Fast consumption goods
Ten. Conclusion and Suggestion
1. Strategy of products
2. Strategy of prices
3. Strategy of channels
4. Strategy of service
5. Strategy of brands
Diagram 1. Analysis on information stages of big enterprises from 2004 to
Diagram 2. Analysis on information stages of small enterprises from 2004 to
Diagram 3. Analysis on information scale and growth trend in

Diagram 4. Analysis on information scale and growth trend of subdivided markets in

Diagram 5. IT investment of China ’ s key industries from 2003 to

Diagram 6.Percentage of purchase by governments without OA in

Diagram 7. IT expenditure structure from 2004 to

Diagram 8. Regional structure of IT investment from 2004 to

Diagram 9. Customer structure of IT investment from 2004 to

Diagram 10. Recognition by small enterprises in

Diagram 11. Structure of enterprise with IT investment in China from 2004 to

Diagram 12. Brand distribution of key products in

Diagram 13. IT investment of key government organs in

Diagram 14. Distribution of IT investment regions from 2004 to

Diagram 15. IT expenditure of governments from 2003 to

Diagram 16. IT procurement scale and organs from 2003 to

Diagram 17. Information application stage of government in

Diagram 18. IT system construction structure of key organs of government in

Diagram 19. Procurement structure of government software products from 2004 to

Diagram 20. Change of IT investment capital channels from 2004 to

Diagram 21. Analysis on network environment of China ’ s manufacturing industry in

Diagram 22. Distribution of China ’ s manufacturing industry in

Diagram 23. IT expenditure of China ’ s manufacturing industry from 2003 to

Diagram 24. IT procurement of China ’ s manufacturing industry from 2003 to

Diagram 25. Scale and growth of information of China ’ s manufacturing industry in

Diagram 26. Scale and structure of IT procurement of China ’ s manufacturing industry from 2003 to

Diagram 27. Information level of China ’ s manufacturing industry in

Diagram 28. Regional IT investment of China ’ s manufacturing industry in

Diagram 29. IT investment of big, middle and small enterprises of China ’ s manufacturing industry from 2004 to

Diagram 30. IT investment of enterprises of different natures of China ’ s manufacturing industry from 2004 to

Diagram 31. Procurement structure of hardware products of China ’ s manufacturing industry in

Diagra 32. Procurement structure of software products of China ’ s manufacturing industry in

Diagram 33. Structure of China ’ s software industry in
Diagram 34. Structure of China ’ s application software industry in
Diagram 35. Scale of China ’ s cooperative software market from 2004 to
Diagram 36. Concentration of China ’ s cooperative software market in
Diagram 37. Customer scale and structure of China ’ s cooperative software market in
Diagram 38. Application distribution of China ’ s cooperative software market in
Diagram 39. Regional distribution of China ’ s cooperative software market in
Diagram 40. Enterprise departments distribution of China ’ s cooperative software market in
Diagram 41. IT management staff of China ’ s cooperative software market in
Diagram 42. Access way of customer network of China ’ s cooperative software in
Diagram 43. Band breadth of customer network of China ’ s cooperative software in
Diagram 44.Procurement time of China ’ s cooperative software
Diagram 45. Planned procurement of China ’ s cooperative software by OA system
Diagram 46. Planned procurement of China ’ s cooperative software by without OA
Diagram 47.Recoginition channels of China ’ s cooperative software
Diagram 48. Payment of procurement of China ’ s cooperative software
Diagram 49. Investment main body of China ’ s cooperative software
Diagram 50. Procurement prices of China ’ s cooperative software
Diagram 51. Market scale and growth trend of China ’ s cooperative software from 2004 to
Diagram 52. Anlaysis on regional demand of of China ’ s cooperative software from 2006 to
Diagram 53. Anlaysis on scale demand of of China ’ s cooperative software from 2006 to
Diagram 54. Anlaysis on industrial demand of of China ’ s cooperative software from 2006 to
Diagram 55. Anlaysis on functional demand of of China ’ s cooperative software from 2006 to
Diagram 56. Analysis on decisioin making elements of procurement of China ’ s cooperative software
Diagram 57. Analysis on procurement way of China ’ s cooperative software
Diagram 58. Analysis on procurement channels of China ’ s cooperative software
Diagram 59. Analysis on procurement projects of China ’ s cooperative software
Diagram 60. Analysis on approved procurement projects of China ’ s cooperative software
Diagram 61. Departments with the application of China ’ s cooperative software
Table 1. Top three domestic enterprises of China ’ s cooperative software
Table 2. Category of cooperative software by flexibility of work flow

Table 3. Category of cooperative software by basic technology
Table 4. Category of cooperative software by task transferring system
Table 5. Three layers of China’s cooperative software
Table 6. Changes of global cooperative software industry
Table 7. New requirements for cooperative software in
Table 8. Change trend of cooperative platform software
Table 9. Change trend of cooperative tool software
Table 10. Change trend of cooperative application software
Table 11. Trend of cooperative management in
Table 12. Six features of of China’s cooperative software market in
Table 13. Development of China’s cooperative software industry in
Table 14. Cost analysis on China’s cooperative software
Table 15. Customers of China’s cooperative software enterprises in
Table 16. Product system of UFida
Table 16. Market channel plan of Click tech in
Table 18. Analysis on developing strategy of Click tech in
Table 19. Products of Weaver cooperative software
Table 20. Features of SOA cooperative software of CTOP
Table 21. Analysis on change of China’s enterprise management procedure
