二、说明、目录、图表目录

In-Depth Research Report on Developing Trend of China Mobile Phone Paint Industry between 2006 and 2007 内容介绍：

Chapter One Research summary

Section One Definition

Section Two Background

Section Three Whys

Section Four Methods

Section Five Coverage

Section Six Introduction on Heading-Century

Section Seven Conclusion

Chapter Two Analysis on current development

Section One Current global development

Section Two Developing trend

Section Three Size of production and selling between 2004 and

Section Four Size of production and selling between 2007 and

Section Five Size of import and export between 2004 and

Section Six Position in the industry

Section Seven Key manufacturing countries

Section Eight Competitivities of key enterprises

Chapter Three Current development

Chapter Four Factors of affecting China mobile phone paint industry

Section One Analysis on global industrial environment

Section Two Analysis on affecting factors on national macro-economic environment

Section Three Factors of industrial policies

Section Four Factors of industry chain

Section Five Technical environment

Chapter Five Size of production and selling and supply and demand institutions

Section One Size of production and selling between 2004 and

Section Two Size and trend of import and export between 2004 and

Section Three Developing trend of production and selling between 2007 and

Section Four Developing trend and affecting factors of supply and demand structure

Chapter Six Competition structure

Section One Production concentration

Section Two Brands concentration

Section Three Concentration of regional production

Chapter Seven Subdivided regions

Section One East

1 : Current development between 2006 and

2 : Size of production and selling between 2006 and

3 : Size and trend of import and export between 2004 and

4 : Size and trend of demand between 2006 and

Section Two South

1 : Current development between 2006 and

2 : Size of production and selling between 2006 and

3 : Size and trend of import and export between 2004 and

4 : Size and trend of demand between 2006 and

Section Three Northeast

Section Four North

Section Five Northwest

Section Six Central

Section Seven Southwest

Chapter Eight Developing trend of production technology

Section One DPI

1 : Size of production and selling

2 : Products structure

3 : Products price

4 : Profitability and profit rate

5 : Current situation and trend of cooperation , merger and joint adventure

6 : Production structure and productivity expanding

7 : Marketing regions

8 : Relationship of key clients

9 : Technical innovation ability

10 : Growth

11 : Developing strategy

Section Two Zhongshan Wuzang Paint Company

Section Three Nanbo Colophony Company

Section Four French Mapu Company

Section Five Taiwan Yongguang Chemical Company

Section Six Lida Chemical Company

Section Seven Changxing Fine Paint Company

Section Eight Zhejiang Haobang Paint Company

Section Nine Huayang Chemical Company

Section Ten Oulijing Company

Section Eleven Berger Industry Paint Company

Section Twelve Guangzhou Nanjian UV Paint Company

Section Thirteen CMW Coatings Company

Chapter Nine Key clients

Section One NOKIA

1 : Size of mobile phone production

2 : Purchase of mobile phone paint

3 : Purchase demand

4 : Supply relationship and volume

Section Two Motorola

Section Three SonyEricsson

Section Four Samsung

Section Five LG

Section Six UT Starcom

Section Seven Philips

Section Eight AMOI

Section Nine TCL

Section Ten BIRD

Section Eleven Haier

Section Twelve CECT

Section Thirteen Lenovo

Section Fourteen ZTE

Chapter Ten Suggestion on marketing strategy

Section One Different marketing strategy for different mobile phone paints

Section Two Different marketing strategy for mobile phone paints with different levels

Section Three Different marketing strategy for mobile phone paints in different regions

Chapter Eleven Suggestion on developing strategy
