Research Report on Oversea Exploration of China ' s Mobilephone Enterprises from 2006 to 2007 内容

介绍：

### Chapter One. Status Quo of Global Mobilephone Market

#### 1.1 Features of development

##### 1.1.1 Obvious vertical labor division of the industrial chain

###### 1.1.1.1 America dominates the mobilephone chip manufacturing field

###### 1.1.1.2 Symbian, Microsoft and OS still hold tight the core software of mobilephone

###### 1.1.1.3 Korean and Japanese mobilephones emerge by application content and designs

###### 1.1.1.4 China ' s mobilephone is at the lower end of the industrial chain and in the downstream

##### 1.1.2 Insufficient output and growth power of global mobilephone and severe market competition

##### 1.1.3 High growth rate of mobilephone market of SE Asia, Latin America and East Europe

##### 1.1.4 Photo mobilephones and 3G mobilephones become the pillar of market

##### 1.1.5 Global mobilephones—Made in China and Korea

#### 1.2. Analysis and prospect of global supply and demand

##### 1.2.1 Rapid growth in supply capacity and shortage in parts supply

##### 1.2.2 Diversified demand structure

#### 1.3 Analysis on competition structure and prospect

##### 1.3.1 China, Japan and Korea bring shock to the global market

##### 1.3.2 Nokia remains the advantageous position

##### 1.3.3 Most severe competition between Siemens , LG and Sony Erricson

##### 1.3.4 Second line enterprises go bankrupt or rise

### Chapter Two. Status Quo of China ' s Mobilephone Market

#### 2.1 Features of development

##### 2.1.1 Rapid expansion of industry scale and concentration

##### 2.1.2 Sharp decline of profiting rate

##### 2.1.3 Intelligent and photo mobilephones emerge

##### 2.1.4 Strengthening of dealers

##### 2.1.5 Diversified sales mode

#### 2.2 Analysis and prospect of supply and demand structure

2.2.1 Increase in energy production tightens China ' s supply chain

2.2.2 Shortage in core technology of high-end mobilephones of domestic brands and shortage in high-end supply capacity

2.2.3 Shortage in incentive elements and the first saturation will occur

2.3 Analysis and prospect of competition structure

2.3.1 Fight back of international enterprises

2.3.1.1 Strategic adjustment

2.3.1.2 Price fightback

2.3.1.3 Channel fightback

2.3.2 Decline in market shares of domestic brands due to shortage in parts

2.3.3 New standard of approval will change the competition structure of China

2.4 Analysis on import and export of mainland China

2.4.1 Analysis on features of export

2.4.1.1 Diversified trend in export market

2.4.1.2 Joint ventures remain the major part of export

2.4.1.3 Export trade focuses on import processing

2.4.1.4 Increased ratio of high-end mobilephone export

2.4.1.5 The biggest obstacle is patent fee

2.4.1.6 Cost advantage no more

2.4.1.7 Major target export regions

2.4.2 Features of import and export

2.5 Analysis on background of oversea market exploration

2.5.1 Imbalance of supply and demand, increase in stock and white heat of market competition

2.5.2 Low recognition of domestic brands by domestic users

2.5.3 Rise of export rebate rate

2.5.4 Warming in global telecom market and vast demand in emerging markets

2.5.5 Mobilephone consumption of Europe and America enters vital era

Chapter Three. Analysis on Case of Oversea Market Exploration

3.1 Analysis on exploration strategies of world top mobilephone enterprises

3.1.1 Nokia

Analysis on Nokia-India exploration strategy

Analysis on Nokia-Russia exploration strategy

### 3.1.2 Motorola

Analysis on Moto-India exploration strategy

Analysis on Moto-Russia exploration strategy

Analysis on Moto-Japan exploration strategy

### 3.1.3 Samsung

Analysis on Samsung-America exploration strategy

Analysis on Samsung-India exploration strategy

Analysis on Samsung-Russia exploration strategy

## 3.2 Analysis on cases of Korean major mobilephone enterprises entrance into global market

### 3.2.1 LG

Analysis on LG-India exploration strategy

Analysis on LG-North America exploration strategy

Analysis on LG-Brazil exploration strategy

### 3.2.2 SK Telecom

### 3.2.3 Pantech & Curitel and Pantech

## 3.5 Analysis on cases of Japanese major mobilephone enterprises entrance into global market

### 3.5.1 NEC

### 3.5.2 Panasonic

### 3.5.3 Globalization strategy of other mobilephone enterprises in Japan

### 3.5.4 Research on overseas marketing strategy of Japanese mobilephone enterprises

#### 3.5.4.1 Appropriate prices

#### 3.5.4.2 Precise in the location of entrance point

## 3.6 Analysis on cases of China ' s major mobilephone enterprises entrance into global market

### 3.6.1 Bird

Analysis on Bird-India exploration strategy

Analysis on Bird-Europe exploration strategy

### 3.6.2 TCL

Analysis on TCL-Russia exploration strategy

Analysis on TCL-India exploration strategy

Analysis on TCL-Viet Nam exploration strategy

Analysis on TCL-Other countries in SE Asia exploration strategy

### 3.6.3 Soutech

### 3.6.4 Amoi

Analysis on Amoi-America, Middle East exploration strategy

Analysis on Amoi-SE Asia exploration strategy

### 3.6.5 Kejian

Analysis on Kejian-India exploration strategy

### 3.6.6 Potevio

### 3.6.7 Gionee

### 3.6.8 Huawei

Analysis on Huawei-Russia exploration strategy

Analysis on Huawei-Thailand exploration strategy

### 3.6.9 ZTE

Analysis on ZTE-Russia exploration strategy

Analysis on successful cases of ZTE-oversea market exploration

## 3.6. Analysis on cases of China ' s other mobilephone enterprises entrance into global market

Haier

Panada

Konka

## 3.7 Analysis on advantages and disadvantages of mobilephone enterprises in China to enter oversea market

### 3.7.1 Analysis on advantages of mobilephone enterprises in China to enter oversea market

#### 3.7.1.1 Capital gathering effect of domestic mobilephones

#### 3.7.1.2 Narrowing gap between domestic enterprises and international brands

#### 3.7.1.3 Rise in export rebate rate

#### 3.7.1.4 Lower transportation cost than oversea brands

### 3.7.2 Analysis on disadvantages of mobilephone enterprises in China to enter oversea market

#### 3.7.2.1 RMB appreciation

#### 3.7.2.2 Charge of mobilephone patent fee

#### 3.7.2.3 Anti-dumping problem

#### 3.7.2.4 Increase in restriction

#### 3.7.2.5 Lacking in core technology and weak in developing capacity

#### 3.7.2.6 Low content of domestic brands and major in the form of OEM

#### 3.7.2.7 No more cost advantage

3.7.2.8 Lacking in upstream industries and controlled by others in parts

3.7.2.9 Big difference in product structure with international brands

#### Chapter Four. Analysis on Oversea Mobilephone Market Exploration

##### 4.1 Analysis on exploration in South Asia

###### 4.1.1 General introduction

###### 4.1.2 India

a. General introduction (economy, population and income level)

b. Scale of mobilephone market

c. Analysis on supply and demand structure and developing trend

d. Research on customer behavior

e. Analysis on mobilephone enterprises, competition structure and developing trend

f. Dealers

g. Research on sales channels

h. Analysis on opportunity and risk of the market

i. Strategy of the market

###### 4.1.3 Thailand

a. General introduction (economy, population and income level)

b. Scale of mobilephone market

c. Analysis on supply and demand structure and developing trend

d. Research on customer behavior

e. Analysis on mobilephone enterprises, competition structure and developing trend

f. Dealers

g. Research on sales channels

h. Analysis on opportunity and risk of the market

i. Strategy of the market

###### 4.1.4 Singapore

a. General introduction (economy, population and income level)

b. Scale of mobilephone market

c. Analysis on supply and demand structure and developing trend

d. Research on customer behavior

e. Analysis on mobilephone enterprises, competition structure and developing trend

f. Dealers

- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

#### 4.1.5 Indonesia

- a. General introduction (economy, population and income level)
- b. Scale of mobilephone market
- c. Analysis on supply and demand structure and developing trend
- d. Research on customer behavior
- e. Analysis on mobilephone enterprises, competition structure and developing trend
- f. Dealers
- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

#### 4.1.6 Viet Nam

- a. General introduction (economy, population and income level)
- b. Scale of mobilephone market
- c. Analysis on supply and demand structure and developing trend
- d. Research on customer behavior
- e. Analysis on mobilephone enterprises, competition structure and developing trend
- f. Dealers
- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

### 4.2 Analysis on exploration in Middle Asia

### 4.3 Analysis on exploration in East Europe

#### 4.3.1 Russia

- a. General introduction (economy, population and income level)
- b. Scale of mobilephone market
- c. Analysis on supply and demand structure and developing trend
- d. Research on customer behavior
- e. Analysis on mobilephone enterprises, competition structure and developing trend
- f. Dealers

- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

#### 4.3.2 Belorussia

- a. General introduction (economy, population and income level)
- b. Scale of mobilephone market
- c. Analysis on supply and demand structure and developing trend
- d. Research on customer behavior
- e. Analysis on mobilephone enterprises, competition structure and developing trend
- f. Dealers
- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

#### 4.3.3 Ukraine

- a. General introduction (economy, population and income level)
- b. Scale of mobilephone market
- c. Analysis on supply and demand structure and developing trend
- d. Research on customer behavior
- e. Analysis on mobilephone enterprises, competition structure and developing trend
- f. Dealers
- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

### 4.4 Analysis on exploration in West Europe

#### 4.4.1 General introduction of mobilephone market in West Europe

#### 4.4.2 UK

#### 4.4.3 France

#### 4.4.4 Germany

#### 4.4.5 Holland

#### 4.4.6 Spain

#### 4.4.7 Italy

#### 4.4.8 Greece

4.4.9 Switzerland

4.5 Analysis on exploration in Middleeast

4.5.1 Saudi Arabia

4.5.2 UAE

4.5.3 Iran

4.6 Analysis on exploration in Africa

4.6.1 General introduction of mobilephone market in Africa

4.6.2 South Africa

4.6.3 Egypt

4.6.4 Cameroon

4.6.5 Togo

4.6.6 Kenya

4.6.7 Uganda

4.6.8 Nigeria

4.7 Analysis on exploration in Latin America

4.7.1 General introduction of mobilephone market in Latin America

4.7.2 Brazil

4.7.3 Mexico

4.7.4 Venezuela

Venezuela

4.7.5 Argentina

4.7.6 Chile

4.7.7 Venezuela

4.7.8 Cuba

4.7.9 Peru

4.7.10 Columbia

4.8 Analysis on exploration in North America

4.8.1 USA

a. General introduction (economy, population and income level) )

b. Scale of mobilephone market

c. Analysis on supply and demand structure and developing trend

d. Research on customer behavior

- e. Analysis on mobilephone enterprises, competition structure and developing trend
- f. Dealers
- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

#### 4.8.2 Canada

- a. General introduction (economy, population and income level)
- b. Scale of mobilephone market
- c. Analysis on supply and demand structure and developing trend
- d. Research on customer behavior
- e. Analysis on mobilephone enterprises, competition structure and developing trend
- f. Dealers
- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

#### 4.9 Analysis on exploration in Australia

##### 4.9.1 Australia

- a. General introduction (economy, population and income level)
- b. Scale of mobilephone market
- c. Analysis on supply and demand structure and developing trend
- d. Research on customer behavior
- e. Analysis on mobilephone enterprises, competition structure and developing trend
- f. Dealers
- g. Research on sales channels
- h. Analysis on opportunity and risk of the market
- i. Strategy of the market

##### 4.9.2 New Zealand

### Chapter Five. Analysis on Opportunities and Risks of Oversea Mobilephone Market

#### 5.1 Analysis on opportunities

- 5.1.1 Avalanche growth of high technology content mobilephones in overseas market
- 5.1.2 To explore third and fourth market with rich experience and flexibility
- 5.1.3 Attack overseas market with scale advantages

5.1.4 3G industry brings about an overall breakthrough opportunity

5.2 Analysis on risks

5.2.1 Highly concentration of export target market and low resistance to risks

5.2.2 No core technology and no bright future

5.2.3 Much difficult in the exploration of oversea market

5.2.4 Loss of both domestic and oversea markets

5.2.5 Fightback of international brands

5.2.6 Decline in export mobilephone prices

5.2.7 Environmental protection will be export risk

Chapter Six. Suggestion on Exploration of Oversea Market by China ' s Mobilephone Enterprises

6.1 Clarify the competition strategy

6.2 Increase the core competitiveness

6.3 Integrate supply chain

6.4 Consolidate domestic market and realize international strategy with international resources

6.5 Research the situation of each country and aim at subdivided market demand

6.6 To cooperate with international mobilephone enterprise to raise the quality

6.7 To develop independently or rely on third party designing company

6.8 Reasonable cost control

6.9 Follow the dealers path in oversea export

6.10 Avoid vice competition and say goodbye to low cost competition

6.11 Gradual expansion to oversea market

Catalogy of Diagrams

Diagram 1. Development of global mobilephone subscribers in 2006 (100 million)

Diagram 2. Competition structure of global intelligent mobilephone operation system in

Diagram 3. Competition structure of global intelligent mobilephone operation system from 2006 to

Diagram 4. Output of global mobilephones from 2001 to June,

Diagram 5. Popularity of global mobilephones from 1997 to June,
